Investment of the Savings Bank deposit belonging to the Siva temple in Tumkur in the 4% loans

From

No. dated

There is a temple dedicated to Siva in the town of Tumkur. The temple was founded by one Amildar Lake Mr Gundappa. His widow offered a sum of Rs 4000 for the benefit of the instn. In Govt Ro. No. 577-8/25 of 15th April 1886, the Govt sanctioned the purchase of 5% Mysore Railway debentures & also directed that the temple should be under the general

supervision of the Muzrai Officer, the Manager appointed by the widow being in immediate charge of the temple and its receipts & disbursements.

The Dy Comm^r reports that on the termination in 1903 of the amount in Railway debentures, the money was invested in Gov^t of India 3½ % Securities. As the interest accruing on the latter investment is too inadequate to meet the expenses in the temple, the manager of the temple prays that the amount may be invested in the new 4% Loans. The Dy Comm^r recommends the prayer as it is a reasonable one.

And whereas it is hereby declared
in it. The Founder had endowed the Fund
with its initial capital sum invested in
the 4 per cent Railway Debenture Stock
of G.I.P. Railway, & it terminated
that the said amount was invested in
the purchase of India 3 per cents
at the present rate of interest accru-
ing from this investment is said the
intention that the income of the
Fund, in future, may be withdrawn
from that investment and secured
in the new "four per cent Railway
Stock 1906-07". The object was also that the
Fund should be increased so that thousand
rupees might in due course may be duly
received in the investment and
added on to the original endowment.

The revised Savings Bank Rules give scope for the investment in "Four per cent Mysore Loan of 1906-07" Savings Bank deposits exceeding Rs 5000/- and letter No 1102-10 dated 17th August 1906 from the Secretary Muzarai Department contemplates the extension of this concession to Savings Bank deposits of Rs 500/- and upwards in favour of Muzarai Institutions. Neither of these orders contemplate the conversion of the Government of India Pro-note investment into the "Four per Cent Mysore Loan of 1906-07." Nevertheless the application is recommended for being accepted as it is a reasonable prayer

This Mysore Railway Debentures Bonds

without giving that 2 per cent Discount to the Dharmakartha towards the expenses of the Temple or asking his consent to do so.

The expenses of Siva Temple for the year amounts to Rupees (200-00) Two hundred for Annums. The interest which now fetches for Rs 4000 is only Rs 140-00 for Annums.

This amount of Rs 140-00 is quite inadequate to meet the expenses of Siva Temple for one year.

I therefore most humbly request as I hear that the Government has called for a list of Mangeny Surplus amounts which are in the Government Savings Banks Deposits more than 5000 Rs to get the Government Pro. Notes of 4 per cent to be purchased if the Depositors desired to do so.

As the amount of Rs 4000 which is now in the shape of Indian Government Pro Notes at 3 1/2 per cent per Annum, I humbly request you to be kind enough to recommend to the Camp Collector to exchange this four thousand rupees Pro Notes

to that of Mysore Government Pro Notes of 4 per cent per annum and at the same time I desire to add one thousand rupees more to make up a total of five thousand rupees in all to meet the expenses of Siva Temple which amounts to not less than rupees two hundred for a year.

Of the amount of rupees five thousand is kept in shape of Mysore Government 4 per cent Pro Notes with the Comptroller as usual and the interest paid half yearly as they are now paying the expenses of Siva Temple may be met with it properly.
